| tter to Me 95 | | 0.00% |

Q8 Why do you come to farmers' markets? Please select the three most important reasons:

| Answer Choices | Responses | |
|---|-----------|----|
| Access to information on how food is produced | 7.45% | 7 |
| Access to locally produced food | 86.17% | 81 |
| Condition of product | 20.21% | 19 |
| Freshness of product | 85.11% | 80 |
| Opportunity to establish relationships with vendors | 13.83% | 1 |
| Price | 35.11% | 3 |
| Social atmosphere of market | 18.09% | 1 |
| Support of local agriculture | 79.79% | 75 |
| Variety of product | 20.21% | 19 |
| otal Respondents: 94 | | |

Q9 Please use the space below to provide us with any additional comments, concerns or ideas related to the farming and food in Steuben County

Answered: 25 Skipped: 77

| # | Responses | Date |
|----|---|--------------------|
| 1 | Fresh fruits and vegetables should be available in convenience stores and drugstores around the county. Those who do not have cars do not have access to fresh foods. Steuben county buses stop running around 5-6 latest, and that's when the work day ends. Steuben county buses do not run on weekends. It is not feasible to carry a week's worth of groceries in bags a distance of 1-5 miles, or to put them in a shopping cart and receive stares from judgmental people. And asking someone to take you to the grocery store every week can get annoying too. If you're on SNAP, that's SNAP money going to waste, being spent on over-priced drugstore items, or being spent on junk at the gas station simply because you can't get to the grocery store. It would be very helpful to have fresh food at Byrne Dairy, Walgreens, Rite Aid, a gas station, etc. Perhaps local farmers or grocers could donate or provide at low cost some fresh foods. Convenience stores/ drug stores could start a pilot project with just apples and bananas near the register. It has been done before with Byrne Dairy in South Coming, but when the person leading the effort left, the project stopped. We need sustainability with these things. Thanks. | 8/4/2014 2:48 PM |
| 2 | I would be more willing to purchase things other than fruits and veggies and baked goods at farm stands and farmers markets if they were similar in price. Most people I know only get produce at the market. | 7/31/2014 2:47 PM |
| 3 | Continued development of CSAs along with smaller farms sourcing local meats, dairy and produce into smaller markets and expansion of farmer's markets both in size and seasonally would be helpful now Value added local product development to encourage establishment of the region as a serious agricultural producer should be encouraged. | 7/29/2014 2:14 PM |
| 4 | Suggestions & recipies on how to use farm grown fruit & veggies, esp for 1 or 2 persons | 7/29/2014 11:09 AM |
| 5 | My largest concern about some of the farm stands and the stands at the farmers markets are produce that was purchased at the produce auctions. I like to buy for home grown places so I know they are local products. It would be better to have products labeled better so consumers are aware what products are local and which are not. If the products are not grown by the individuals selling them then at least reliable information as to where they were grown. | 7/28/2014 4:11 PM |
| 6 | Major concern in our area is that we are losing our local (Small Farms). Growing up in this area, we used to have many Dairy Farms, Vineyards etc. we no longer have that and it is a major concern to me. | 7/25/2014 9:48 AM |
| 7 | Subsidize farmers who grow local food for local food pantries. It is a win, win | 7/21/2014 6:06 PM |
| 8 | Really would like to do more. Hectic lifestyles make supermarkets too convenient to pass up. | 7/21/2014 1:29 PM |
| 9 | Labeling would be helpful - what is local, what isn't? I don't want to buy peppers from Chile at a local farm stand. | 7/21/2014 10:26 AM |
| 10 | make people aware that you have farm fresh products | 7/15/2014 10:34 AM |
| 11 | I think instead of providing tax breaks to all farmers that some effort to provide financial assistance to only ones that run efficient operations and produce quality product. Additionally large commercial operations should receive financial assistance on a sliding scale that reduces the benefit as the size of the operation increases. | 7/10/2014 4:15 PM |
| 12 | Often we will see signs for products like cheese at a farm, but no discernable retail space. Would be more comfortable stopping if there was. | 7/9/2014 8:48 PM |
| 13 | Our food needs to be raised efficiently, free of chemicals or additives (naturally) and cheaply (affordable). | 7/9/2014 9:51 AM |
| | | |

| | Consumer Survey | |
|----|--|-------------------|
| 14 | i think that government agencies will become more involved in the regulation of home grown productsand that will kill the business | 7/8/2014 6:24 PM |
| 15 | i'm glad you're doing this! i'd love to have more convenient access to the fresh greens grown year round/hydroponically at northem tier greens in bradford county, pa. | 7/8/2014 10:50 AM |
| 16 | Farmers seem to be banking on natural gas royalties to make their farms profitable instead of looking at alternate crops (small acreage with many varieties versus large acres of com) to meet today's buy-local trends. Local beer farm brewers cannot get enough NY grown grains, barley and malt. | 7/7/2014 7:26 PM |
| 17 | Farmers' Markets should offer more agricultural products and food and less flea market stuff. | 7/7/2014 4:07 PM |
| 18 | keep pushing all to buy locally grown. it is the best form of going green. | 7/7/2014 12:27 PM |
| 19 | I always prefer to have a conversation vs writing about additional thoughts and concepts about how to improve the connections between farmer, restaurant and end user. I can be reached at 607-569-3767 | 7/7/2014 12:04 PM |
| 20 | It is extremely difficult to get locally sourced foods from Steuben County. There simply is no consistent reliable market and Wegman's is not the appropriate venue. A venue is needed for the small producer. | 7/7/2014 11:29 AM |
| 21 | Would like to have good farmer's market in western Steuben Co. | 7/7/2014 10:43 AM |
| 22 | I would be more likely to utilize the Coming Farmers Market if there were open after 5pm. (Working families can't always attend moming or afternoon hours of operation.) | 7/7/2014 10:35 AM |
| 23 | Would like to see more events and on farm site events. | 7/7/2014 10:35 AM |
| 24 | Farming is a critical component to our economical stability in this county | 7/7/2014 10:23 AM |
| 25 | There needs to be better connectivity from farms to schools too. Also, how can we connect growers to food pantries to provide surplus crops to fed the hungry in the county? | 7/7/2014 10:09 AM |
| | | |
